## *EDUCATION*

**STI College - Ortigas Cainta**
Ortigas Ave Ext, Cainta, 1900 Rizal
**June 2021 - July 2025**

Bachelor's Degree in Computer Science

**Rizal Technological University (RTU - Pasig) Senior High**
Eusebio Ave., Brgy. Maybunga, Pasig City
**June 2017 - April 2019**

Science , Technology , Engineering and Mathematics ( STEM )

---

## *SKILLS SUMMARY*

- **Programming Languages** — Python, SQL, Javascript, PHP
- **Frameworks** — Pandas, Numpy, Scikit-Learn, Matplotlib, ReactJS, Laravel, Tailwind
- **Tools** — Postman, Figma, Draw IO, Git , Trello
- **Platform** — Visual Studio Code, Jupyter Noteboook , Github
- **Soft Skills** — Leadership , Goal Oriented , Rapport Building, Mathematics

---

## *WORK EXPERIENCE*

**SYSTEM DEVELOPER INTERN | MFI | [Link]**            **January 2025 - March 2025**

- Implemented process improvements and Reporting Procedures in the Current Grading System allowing professors to easily streamline the process in requesting change of grades for students that has been finalized in the system.
- Collaborated with 2+ cross-functional team to gather the requirements, define the features and ensure the alignment with business objectives, fostering efficient teamwork and successful deployment.
- Designed a new User Interface and User Experience in the current system to provide ease of use in reporting and presenting the grades and attendances of each class handle by professors, to improve user satisfaction and efficiency encoding the students data.
- Provided technical support for network troubleshooting, including fixing faulty internet connections and replacing defective cables.

---

## *PROJECT*

**ORCA: Intent Based Chatbot  | STI - College | [Link]**            **December 2023 - Nvember 2024**
**Role:** Full Stack Developer

- Led the project from planning to deployment utilizing ReactJS and Redux for Developing the Front-end and PHP ( Laravel ) for Back-end creating RESTful APIs ,Validations, Authentications, Allowing data Integrity from customer to store in database server.
- Achieved 87% accuracy rate in giving the correct response in every customer inquiries in STI - College, including Courses, Tuition fees, Enrollment Process, Rules and Regulations, and Scholarship Program.
- Successfully centralized the inquiries in all of the departments and Improved the response time of the administrative office and improved customer satisfaction
- Conducted Alpha and Beta Testing to assess the systems functionality and responsiveness among different devices, also managed to debugged errors and fixed requested features on the systems

---

## *CERTIFICATES*

**Data Science Bootcamp | [LINK]**            **finished: May 2022 - June 2023**

- Learned Data Analysis & Machine Learning, acquired skills in data cleaning, visualization, and statistical analysis using tools like Python (Pandas, NumPy, Matplotlib) and applied machine learning techniques (regression, classification, clustering) with libraries like Scikit-learn.

**Associate Data Scientist | [LINK]**            **May 2025**

- Learned to develop expertise in statistical modeling, predictive analytics, and interpreting results to drive decision-making, along with experience in real-world projects using datasets to solve business challenges.
